Global X CleanTech Japan ETF

FUND OBJECTIVE

The Global X CleanTech Japan ETF seeks to provide investment results that correspond generally to the price and yield performance, before fees and expenses, of the FactSet Japan CleanTech & Energy Index

For informational purposes only. This document should be used to highlight some of the criteria to be used by index provider when publishing index constituents and is not comprehensive.*

ETF Category:

Thematic Growth

As of 10/31/2023

Index Provider: FactSet

KEY FEATURES

High Growth Potential

Unconstrained Approach

ETF Efficiency

FactSet Japan CleanTech & Energy Index

SELECTION POOL

- Eligible companies must have:
 - Their primary listing in Japan
 - Minimum Total market capitalization of JPY 30 Billion, JPY 24 Billion for existing constituents
 - Minimum 3-month Average daily trading value of JPY 200 Million, JPY 160 Million for existing constituents

SECURITY SELECTION

- The index is designed to track the performance of companies that derive at least 25% or more of their revenues from CleanTech and Energy related industries
- Divide remaining companies into 2 categories:
 - Pure Play
 - Companies that derive at least 50% of their aggregate revenues from the CleanTech and Energy related industries
 - Quasi Play
 - Companies that derive at least 25% but no more than 50% of their aggregate revenues from the CleanTech and Energy related industries
- Select top 40 securities in the Pure Play category with the highest Float adjusted market capitalization. If the Pure Play category contains less than 30 securities, then include top Quasi Play securities until the count reaches 30

WEIGHTING AT SELECTION

- Assign and calculate an Average Environmental Insight Score ("AEIS") for each constituents
- For securities with AEIS less than 60 or greater, multiply its total market capitalization by a factor of 0.80 or 1.20, respectively, to arrive at an AEIS-modified market capitalization
- Index components are weighted according to AEIS-modified market capitalization
- Aggregated weight of Quasi Play constituents is capped at 10%
- Weight of individual constituent is capped at 10%

REBALANCES/REVIEWS

- The index is reconstituted and rebalanced semi-annually on the last Japan business day of January and July

*For the complete and current index methodology please refer to the index provider's website. This summary document is accurate as of the time of it publication and Global X does not guarantee that it is current at any point thereafter.

GLOBAL X

Global X Japan Co. Ltd. Registration No. : Director of Kanto Local Finance Bureau (Financial Instruments Firms) No.3174 Member of Japan Investment Advisers Association Member of The Investment Trusts Association, Japan

Investment Risks

The Fund will invest in financial instruments whose prices fluctuate and as a result the NAV per unit of the Fund will also fluctuate. Therefore the invested amount will not be guaranteed and a loss of principal may be caused. All the gains and losses accrued to the trust assets will be attributable to the investors. Investment trusts are not deposits.

Major factors to cause fluctuation of NAV per unit:

Price Volatility risks / Credit risks (Stock Price Volatility), Other risks

The performance of the NAV may not completely match that of the index. The factors to cause fluctuation of NAV per unit are not limited to those mentioned above. Please read "Investment Risks" in the fund's Prospectus describing in detail.

Fee Structure

<Fees directly charged to customers>

Subscription commission: Determined by the Distributor. (Subscription Commission is a consideration for explanation of products, provision of product information and investment information, and execution of application at the time of the subscription of the Fund)

Redemption Fee: Nil

Exchange commission: Determined by the Distributor.

(Exchange Commission is a consideration for administrative procedures for exchange of units of the Fund.)

<Fees indirectly charged during holding period>

Management Fee (Trust Fee):

Trust fee is calculated daily as sum of 1 and 2 as shown below during the holding period.

1. The amount obtained by multiplying the total net assets of the trust assets by the ratio up to 0.649% per annum (0.59% before tax).

2. The amount obtained by multiplying lending charges due to lending of stocks held in the trust assets by up to 55% (50% before tax).

Other Expenses and Brokerage Commissions

Fund Listing Expenses and Annual Fees for Use of Trademarks of the Index with tax levied on them can be borne by the unitholders, and can be paid from the trust assets.

Commissions associated with securities transactions (including brokerage commissions on trade of securities, fees for future transactions and option transactions) and auditing fees shall be charged to the trust assets.

※As expenses for brokerage commissions on trade of securities, etc. shall vary depending on circumstances, specific rate of fees or the maximum amounts thereof cannot be disclosed in advance.

※Please see further details described under "Expenses and Taxes of the Fund" in the Prospectus.

Disclaimer: Warning before handling this material

This material was prepared by Global X Japan Co. Ltd. to provide information about its funds' performance and other operation-related facts. Potential investors should refer to and read the prospectus of such fund product for more detailed information prior to their investment decision. Since investment trusts will invest in stocks whose prices fluctuate, the NAV of this fund could possibly decline and cause a loss in investment. The investors' principals thus are not guaranteed and the fund contains risk that the NAV may fall below its par value. All the gains and losses accrued to the trust assets will be attributable to the investors. Investment trusts are different from deposits and insurance policies. Investment trusts are not protected by the Deposit Insurance Corporation of Japan and insurance policyholders protection corporations. Investment trusts which are not purchased from securities companies are not protected by the Japan Investor Protection Fund.

The information, statements, forecasts and projections contained herein, including any expression of opinion, are based upon sources believed to be reliable, but their accuracy, correctness or completeness are not guaranteed. The performance of investments, if referred to herein, is based on past data and is neither necessarily an indication nor a guarantee of future performance of investments. The performance data in this material does not consider any tax or fees if there were any, and will not provide a final return for potential investors. Global X Japan Co. Ltd. made all reasonable efforts to ensure that the information contained herein is current, but it is subject to change without notice. The dividend amount is to be determined, based on the dividend distribution policy of such fund product, by the investment manager, who will not promise or guarantee any fixed amount of dividend before investment. In some cases, the investment manager might decide to skip a dividend payment for the correspondent period due to performance reason.
