Fund performance assumes that dividends (before taxes) are reinvested in the fund. NAV value is calculated after deducting trust fees. In the graph, the value of (Cboe S&P 500 BuyWrite Index) is modified to match the fund NAV at the time of inception.The performance data quoted represents past performance and does not guarantee future results. Investment return and principal value of an investment will fluctuate so that an investor's shares, when sold or redeemed, may be worth more or less than their original cost. High short term performance of the fund is unusual and investors should not expect such performance to be repeated.

Concept & Key Points

1. Invest in the Global X S&P 500 Covered Call ETF (XYLD) which is listed in the U.S.
2. Utilize covered call strategy on the S&P 500 Index
 - The ETF utilizes a covered call strategy that holds constituents of the S&P 500 Index and sells one-month at-the-money call options on the same index simultaneously.
3. Relatively superior performance can be expected under uncertain markets
 - By utilizing a strategy that earns premiums based on the volatility while giving up the potential market upside earnings, relatively superior performance can be expected under uncertain markets.
4. Regular income by monthly distribution

Concept of covered call strategy on the S&P 500 Index

Investment Risks

The Fund will invest in financial instruments whose prices fluctuate and as a result the NAV per unit of the Fund will also fluctuate. Therefore the invested amount will not be guaranteed and a loss of principal may be caused. All the gains and losses accrued to the trust assets will be attributable to the investors. Investment trusts are not deposits.

Major factors to cause fluctuation of NAV per unit:

Price Volatility risks / Credit risks (Stock Price Volatility), Exchange risks, Country risks, Risks associated with covered call strategy, Other risks

The performance of the NAV may not completely match that of the index. The factors to cause fluctuation of NAV per unit are not limited to those mentioned above. Please read "Investment Risks" in the fund's Prospectus describing in detail.
