Global X Japan listed 2 ETFs on the TSE.

Global X Japan Co. Ltd. (President: Kang Sungho) announced that the following two ETFs were listed on the Tokyo Stock Exchange on April 13.

Global X Semiconductor ETF(2243),
Global X US Tech Top 20 ETF(2244)

Global X Semiconductor ETF is an ETF whose underlying index is the PHLX Semiconductor Sector Index. The PHLX Semiconductor Sector Index (SOX Index) is an index consisting of 30 U.S.-listed semiconductor-related stocks.

Global X US Tech Top 20 ETF aims to track the FactSet US Tech Top 20 Index. The index is comprised of 20 NASDAQ-listed stocks in 5 technology-related sub-themes (Automation (Robotics), Cloud, Contents/Platforms, E-Commerce, and Semiconductor), which are categorized by using FactSet's extensive and sophisticated database.

Kang Sungho, President of Global X Japan Co. Ltd. said, " Compared to the large shift from mutual funds to ETFs in the U.S., we believe that ETFs are not yet well recognized among investors and market participants in Japan. In addition to thematic ETFs, Global X Japan aims to provide innovative ETFs with more added value based on new indices incorporating ESG factors, which have been attracting attention recently. We will continue to pursue ways in which our ETFs can make a significant contribution to our clients' fund management."

- Warning before handling this material

This material was prepared by Global X Japan Co. Ltd. to provide information about its funds' performance and other operation-related facts. Potential investors should refer to and read the prospectus of such fund product for more detailed information prior to their investment decision. Since investment trusts will invest in stocks whose prices fluctuate, the NAV of this fund could possibly decline and cause a loss in investment. The investors' principals thus are not guaranteed and the fund contains risk that the NAV may fall below its par value. All the gains and losses accrued to the trust assets will be attributable to the investors. Investment trusts are different from deposits and insurance policies. Investment trusts are not protected by the Deposit Insurance Corporation of Japan and insurance policyholders' protection corporations. Investment trusts which are not purchased from securities companies are not protected by the Japan Investor Protection Fund. The information, statements, forecasts and projections contained herein, including any expression of opinion, are based upon sources believed to be reliable, but their accuracy, correctness or completeness are not guaranteed. The performance of investments, if referred to herein, is based on past data and is neither necessarily an indication nor a guarantee of future performance of investments. The performance data in this material does not consider any tax or fees if there were any, and will not provide a final return for potential investors. Global X Japan Co. Ltd. made all reasonable efforts to ensure that the information contained herein is current, but it is subject to change without notice. The dividend amount is to be determined, based on the dividend distribution policy of such fund product, by the investment manager, who will not promise or guarantee any fixed amount of dividend before investment. In some cases, the investment manager might decide to skip a dividend payment for the correspondent period due to performance reason. The companies introduced in this material are for reference purposes only and are not intended as recommendations for individual companies. It is not intended to suggest or guarantee inclusion in ETFs.

● Investment Risk

The Fund will invest in financial instruments whose prices fluctuate and as a result the NAV per unit of the Fund will also fluctuate. Therefore the invested amount will not be guaranteed and a loss of principal may be caused. All the gains and losses accrued to the trust assets will be attributable to the investors. Investment trusts are not deposits.

Major factors to cause fluctuation of NAV per unit:

Price Volatility risks / Credit risks (Stock Price Volatility), Exchange risks, Country risks, Other risks
The performance of the NAV may not completely match that of the index. The factors to cause fluctuation of NAV per unit are not limited to those mentioned above. Please read “Investment Risks” in the fund’s Prospectus describing in detail.
